ARMOR WOOD FILLER | STUCCO PER LEGNO

PRODUCT DESCRIPTION ARMOR Wood Filler is a refined, water-borne compound formulated with advanced acrylic copolymer resins and select pigments. It effortlessly fills cracks, holes, and surface imperfections, restoring wood to a smooth, uniform, and paint-ready finish while preserving its natural elegance.

SUITABLE FOR: Interior & Exterior use on all types of wood | Ready to use | Smooth application | Superior finish

RECOMMENDED USES Ideal for repairing cracks, nail holes, joints, voids, and uneven surfaces on natural timber, plywood, and engineered wood prior to finishing.

SURFACE PREPARATION ■ Ensure wood is fully seasoned with moisture content below 15%. ■ Surface must be clean, dry, and free from dust or contaminants. ■ Sand along the grain using 100–150 grit sandpaper and remove all residue before application.

APPLICATION ■ Ready to use; stir well before use. ■ Apply evenly using a Swedish putty knife or suitable filling tool, pressing firmly into imperfections.

DILUTION Ready for use. If required, dilute with 5–10% clean water for ease of application.
